About 25 yards from the tape O'Brien succeeded in almost breasting Conway's shoulder, but the latter then exercised his reserve speed to easily pull away.

Conway's effort was doubly appreciated when it was learned that he hadrun three heats in the 100-yard handicap previous to the championship.

In the handicap contest Conway barely missed nipping Terance Conlon, a Morningside mate, at the tape.

Willie Plant, also a Morningside member, finished second, from scratch, in the one-mile handicap walk. It was a great piece of work on the part of Plant, who had allotted the limit handicap men a one-minure start, or approximately fifty yards of distance.

Plant overtook fourteen of his rivals, to finish twenty-five yards in the wake of William Burkhardt, Bronx Church House, who received a 60-second allowance.

The actual time credited to Plant in covering the mile was 6 minutes 39 seconds, the fastest effort ever returned by an American walker for the distance.

Fred Laux, New England Wheelmen, scored his third successive bicycle victory in leading home five rivals in tafinal heat of the one-mile handicap race.
